

Weight **W**

H
Height

LT-S530X

Weight: 122 Kg

Overall Dimensions LxWxH:
1370mmx1040mmx502mm

Scrubbing width:
530mm (21 inch brush)

Squeegee width:
890mm

POWER

Brush Motor

550W

Suction Motor

450W

Battery Capacity

24V/100Ah

Charger

24V20A
(Lithium battery)

Charging Time

5 Hours

Working Time

3-5 Hours

Solution Tank Capacity

60L

Recovery Tank Capacity

65L

Max Theoretical Work Efficiency

2100m²/h

PRODUCT ADVANTAGES

01

Smart designed LCD screen
for display

02

IC card-swiping startup and
one-click startup function

03

ECO/Standard/Heavy
modes for option

04

Innovative and intelligent PCBA
control with multi-protection
function

1) Low battery warning and
protection

2) Overcurrent and short circuit
protection

3) Recovery tank full of water
protection

4) Pipe blockage protection

5) Charging protection

05

Intelligent automatic install
brush and release brush

06

Water suction delayed
off function

07

Low water level warning
of solution tank

08

New garbage collection basket
and ambient lighting
